## State of Michigan Literacy Grants

- LISD, along with other ISDs in the state, were eligible to apply for grants to fund 50% of a full time early literacy coach. LISD received this grant and will provide the required matching funds. There is no guarantee from the legislature of a second year of funding, so we can only plan for one year at present.
- One full-time early literacy coach will be hired to work with 1<sup>st</sup> and 2<sup>nd</sup> grade teachers during the 2016-17 school year.
- We are in the initial stages of the planning process, so details are not available yet. Districts will be contacted about the opportunity based on M-STEP scores in 4<sup>th</sup> grade reading. MDE recommends that priority be given to those with the lowest scores.
