Frank Nagle called the meeting to order at 8:04 a.m. and began with introductions.

Minutes Review - July 12, 2018 meeting minutes approved. Motion: MH Support: JB

Strategic Plans / County Goals:
- **DisAbility Connections Spotlight** – Brian Elliot
  - DisAbility Connections serves Hillsdale, Jackson, and Lenawee Counties as a “non-profit agency that assists people with disabilities to overcome barriers and become full participants in our community”. - [http://www.disabilityconnect.org](http://www.disabilityconnect.org). DisAbility Connections provides a variety of other services as well that include but are not limited to Medical Equipment Loan Closet, Ramps, Respite, Parent Education/Resources, Go-Gos, Nursing Facility Transition Program, Independent Living, and Systems Advocacy.
  - Brian Elliot advocates for accessibility and worked on the development of the Access for All website ([http://accessforall.disabilityconnect.org](http://accessforall.disabilityconnect.org)) that “provides information on the accessibility of businesses and public spaces in Jackson, Hillsdale, and Lenawee Counties”. To better understand the website and the resource, watch this two minute video developed by the University of Michigan - [https://youtu.be/lTNdiRhAQ_U](https://youtu.be/lTNdiRhAQ_U)

- **WLEN Radio Spots and Digital Ad**
  - The WLEN will air the three ads developed by the LHN through the month of October. Sixty-second ads for Obesity/Quality of Life for Seniors/Substance Abuse were played for members and feedback was gathered.
  - The LHN Drive link is accessible on the WLEN website (right side of the page) through a graphic that directs people to the health assessments and data - [http://www.wlen.com](http://www.wlen.com)
  - Members provided the following feedback regarding the ads, to be taken into consideration for next year’s radio/social media campaigns:
    - Ads provide a lot of information and could be difficult for drivers/listeners to write down information related to accessing resources.
    - We should add the transcripts for each ad onto the LHN Google Drive so that when the community goes to the drive, they can click the links in the respective ads to get to the resources that are needed.
    - Can we get radio spots in Spanish, targeted towards the Hispanic/Latino population in Lenawee County?
    - The audience is directed to multiple resources (agencies/websites/phone numbers). We should consider ways to direct the audience to a single source, which then provides the additional information that the audience needs related to resource access.
    - What data will we get as a result of this campaign? Frank will check with WLEN to see when data will be available to see how many clicks the LHN Drive received.
    - LHN should develop a branding tool-kit/guide for members on how to share messages, to access logos/information for events and presentations in the community.
- **Quarter Two Evaluation Review**
  o Presentation to Stakeholders Update - The 2017 Lenawee Community Health Assessment has been presented seven times over the last quarter. Additional presentations are scheduled for the coming months. LHN distributed 190 of the 2017 Lenawee Community Health Assessment Executive Summary documents at the community presentations.
  o If your agency has not provided updates related to LHN quarter two activities, please forward the updates to frank.nagle@promedica.org to be included in our quarterly reporting.
  o Quarter three evaluation to be scheduled in October through the freeconferencecall.com website.

Round Table Discussion:
  o What topics would you like to hear or learn more about at the September LHN meeting?
    Responses include:
    - Updates related to the Transportation Network and public transportation services in Lenawee County.
    - ProMedica Farms – Next meeting will take place at ProMedica Farms.
    - MiPHY Data – 101 Things document was created by the LISD and is uploaded to the LHN Google Drive. This document breaks down statistics from the report that have a 5% difference from previous year reports. Members are asked to review the document and MiPHY data to be discussed at our October or November meeting.

Opportunities for Collaboration:
  - **United Way of Monroe/Lenawee** – Hosting a Health Check event on October 4, 2018 located at the United Methodist Church. A flyer is in development and will be uploaded to the LHN Google Drive.
  - **ProMedica Bixby Hospital’s Emergency Department** - now has a secure MedSafe Medication Disposal System located in the Emergency Department.
    o Directions for MedSafe disposal include:
      - Place all unused medications including legally held controlled substances including narcotics (Schedules II-V) into the MedSafe Collection Receptacle using the top medicine – drop door
      - **NO ILLEGAL DRUGS ALLOWS** (Schedule I.)
      - Leave medications in original packaging/containers when possible.
      - **NO** liquid containers more than 4 oz. Place in a plastic baggy before depositing.
      - **NO** Sharps containers, needles, syringes, batteries, aerosol spray cans, trash, medical devices, chemicals, or other hazardous materials.
      - MedSafe is only available for use when an authorized employee is present.
      - If locked, please return during hours of operation. **DO NOT LEAVE MEDICATION OUTSIDE OF MEDSAFE!**
  - **Region 2 AAA** - has a Dementia Friendly Community training that could be provided to the Lenawee Health Network members/community. This could be an area of collaboration surrounding reducing the sigma of ageism. Youtube – Ageism Ted Talk - [https://www.youtube.com/watch?v=WfjzkO6_DEI](https://www.youtube.com/watch?v=WfjzkO6_DEI)
  - **Inter-Connections Drop In Center** – Received a grant to do Chronic Pain and Diabetes PATH at the Drop In Center in collaboration with Region 2AAA.
- 2018 Memorandum of Understanding
  - 18 agencies have submitted their MOU for the LHN. If your agency would like to receive updates about the LHN and be listed as a 2018 member, please complete the MOU and submit to Frank Nagle – frank.nagle@promedica.org.

- Member Surveys
  - 12 members have completed and submitted the LHN member questionnaire. The purpose of this document is to understand your agency's/organization's interests and resources so that we can enhance our collective impact abilities in Lenawee. Please submit all completed surveys to Frank Nagle – frank.nagle@promedica.org.

The LHN’s next meeting will take place on September 13, 2018 from 8 am until 9 am located at ProMedica Farms – 1201 Shepherd Road, Tecumseh, MI, 49286.

Respectfully Submitted,

Frank Nagle
Project Coordinator
LHN Chairperson
ProMedica Bixby Hospital
