I. Welcome & Introductions

Present: Barb Randolph, Amanda Gibson, Jennifer Morgan, Tammy Pape, Kelly McNicol, Jackie Bradley

II. Review Action Planning

Workgroup Meeting Update

The Toolkit Workgroup met on 2/26. This group decided to add additional resources to the Toolkit:

- a few example scenarios for teachers on how to respond to students
- a protocol for school on what to do in case of an attempt/completion in the school community
- sample social media posts
- a checklist for schools to evaluate what’s already in place/is needed
- local MiPHY data
- a page for schools to identify their staff members responsible for different tasks

The Workgroup will be meeting again on Monday, 3/26 at 6:00 pm at Tecumseh High School, Room B107.

Social Worker’s Update – Amanda

Amanda was not present, this item will be added to next month's agenda.

Website Update
The cost of web-hosting through CMH would be $200/year. This group approved of moving forward at that cost.

**safeTALK Training**

The next safeTalk Training will be on Wednesday, 5/9 from 5:00 pm – 8:00 pm (registration at 4:30 pm) at CMH.

Note that a safeTALK training must have at least 15 people registered or it will be cancelled.

Scheduled trainings: 8/8 at 9:00 am, 11/7 at 5:00 pm

### III. Resource / Budget Outline

The updated action plan and budget was distributed and reviewed. The only current budget item is the $200 web-hosting fee. Printing costs will need to be evaluated as we move forward.

### IV. Review of Next Steps / Assignments

Kelly spoke about her experience of coordinating the Student Prevention Leadership Teams this year in five county high schools. One issue that would impact any campaigns we run is the availability and engagement of the students. High school students are often on either end of the spectrum between extremely busy and completely disengaged. In anecdotal experience, several people mentioned that middle school seems to be when students begin disengaging. Would it make more sense for us to begin this program targeting middle school students?

The MiPHY data shows that 7th graders are more likely than high schoolers to have seriously considered attempting suicide and only slightly less likely to have made a plan or attempt.

Jennifer will find out how to get on the Superintendent’s Meeting agenda.

Jackie and Kay will complete the MOU with the target of contacting school personnel before summer vacation.

Jackie and Kay will move forward with creating the website.

### V. Meeting Schedule – meet monthly or other

The next full group meeting is tentatively scheduled for 4/16 at 6:00 pm at CMH; Kay to confirm.

### VI. Adjournment
